REMARKS FROM FEEDBACK

NOTES PROVIDED: some information/notes not provided

COVERAGE: a bit too compressed. AUDIO-VISUAL: good balance of both. PRACTICAL ASPECTS: good variety of examples. SPEAKER'S KNOWLEDGE OF TOPIC: slight lack on IT MNC examples but good examples from GLC, Banks. OVERALL: Good, would recommend to management.

OVERALL: informative, comprehensive, easier to follow, catch the point.

COVERAGE: Need more details. PRACTICAL ASPECT: More practical. CONTENTS: better if it is more structured. AUDIO- VISUAL: need more time to see example. VENUE: Traffic bad in this area. OVERALL: I would prefer if the course is extended to 3 days in order for participants to have in-depth knowledge on the practical aspect of BEI.

COVERAGE: more time is better. NOTES PROVIDED: very good notes, save time to copy notes. AUDIO-VISUAL: very good. SPEAKER: More example & share story because the way Althea speaks is so attractive. VENUE: good location. MEALS: Good, like the tea provided. OVERALL: Good place to have training. Trainer shares a lot of story.

if can be 4-day course will be much more better to have more detail information sharing & experience sharing from Ms Althea.

SPEAKER: perhaps not too fast. OVERALL: it was a very interesting topic. Realistic & useful for me for my interview skills & knowledge. Therefore to seek for better results. Perhaps should be 3-days training, so that can go more in-depth.

REMARKS FROM CONTENTS RECALL

Good & Resourceful

Overall good & would recommend to management

Interesting.

Quite fruitful - one step further to screen candidate. Trainer is approachable, energetic, straightforward and knowledgeable, full attention paid through training session / not boring at all.

I understand / have learnt the structure to BEI technique and now I need to put into practice of what I have learnt.

Very good presentation/training, due to less trainee, trainer can have a good rapport with trainee and answer each question. Hope to attend on performance-based training again.

Very good and helpful for my job to screening good candidates as well as if future if my company give me chance to conduct interview.

It is beneficial & informative.

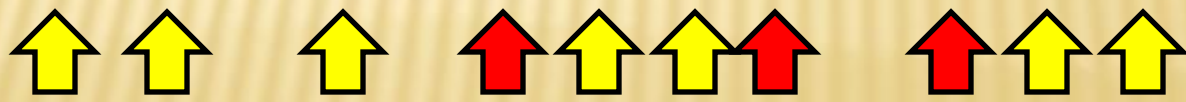

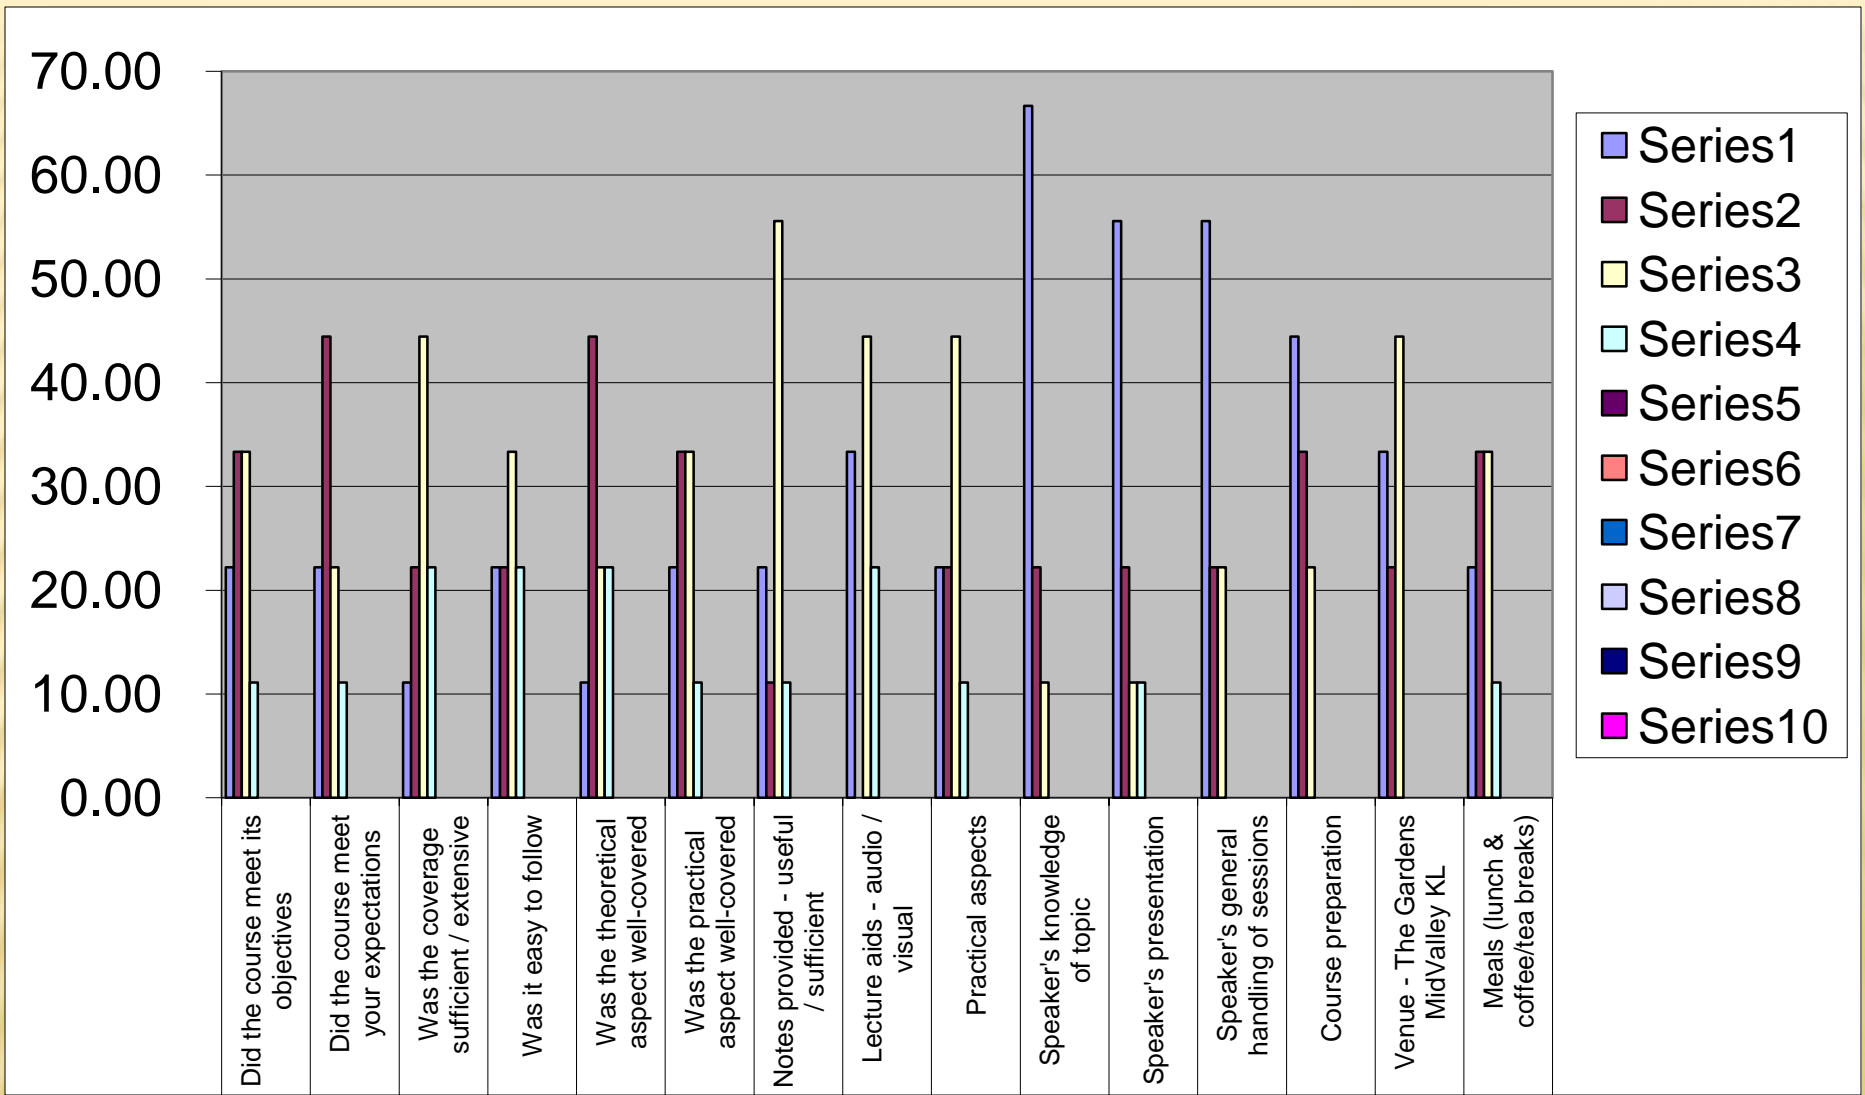

Enhance interview skills by understand the technique and can be used in evaluating candidate.

It is very good workshop and suggest if it could have for a few more days to capture more details about the topic.

REMARKS FROM FEEDBACK

MEET OBJECTIVES: give us indepth knowledge of BEI. MEET YOUR EXPECTATIONS: I now have a background/base on how to conduct good interview not relying on my gut feeling. COVERAGE SUFFICIENT/EXTENSIVE: I wish it was a 4-day workshop. EASY TO FOLLOW: Quite rush to cramp it into a 2-day session. METHODOLOGY: It would be great if you could give us freebies on some of your copyright processes ... maybe just one! OVERALL: Good. Excellent

PREPARATION OF WORKSHOP: Good, relevant. VENUE: very convenient. MEALS: Good

PRACTICAL ASPECTS: Very good especially the mock interview which we get to experience to ask the right question.

OVERALL: More time allocate to this workshop would be better. 2 days is not enough. Overall: good workshop & practical.

HOW COURSE CAN BE MORE INTERESTING / EFFECTIVE: Not really, facilitator is very lively. VENUE: Great & comfortable venue

CONTENT: workshop should be 3-4 days. NOTES USEFUL / SUFFICIENT: Easy to refer. METHODOLOGY - PRACTICAL ASPECTS: More mock exercises. HOW COURSE CAN BE MORE INTERESTING / EFFECTIVE: Role play to be done with the whole group and facilitator to comment & feedback. VENUE: Nice hotel / good location

OVERALL: Good, not a boring session.

REMARKS FROM CONTENTS RECALL

I did not have any basic interview technique/know-how. After this session, I get a good & big picture of how to conduct an effective session & many good corporate ideas & helpful thought from Althea.

Extensive up to the point of each problems we face during the interviewer, Trainer able to share in-depth knowledge, experience & case studies to proof which scenario works and vice versa

It is a great workshop & it would be great if we could do more of this session in future. Personally this is my first time attending on how to conduct an interview specifically on BEI which would be very useful.

Great workshop, practical but 2 days is not enough.

It is a very great training that I'd learn a lot from Althea. Start from creating an SOP, Flow, Competency to BEI. She has a very "fruitful" HR knowledge & very experiences in "read" people by many ways.

Good and very informative. More confident to conduct interview and prepare the necessary before the session.

Enhance the knowledge of interview process and technique.

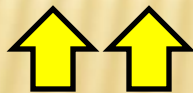

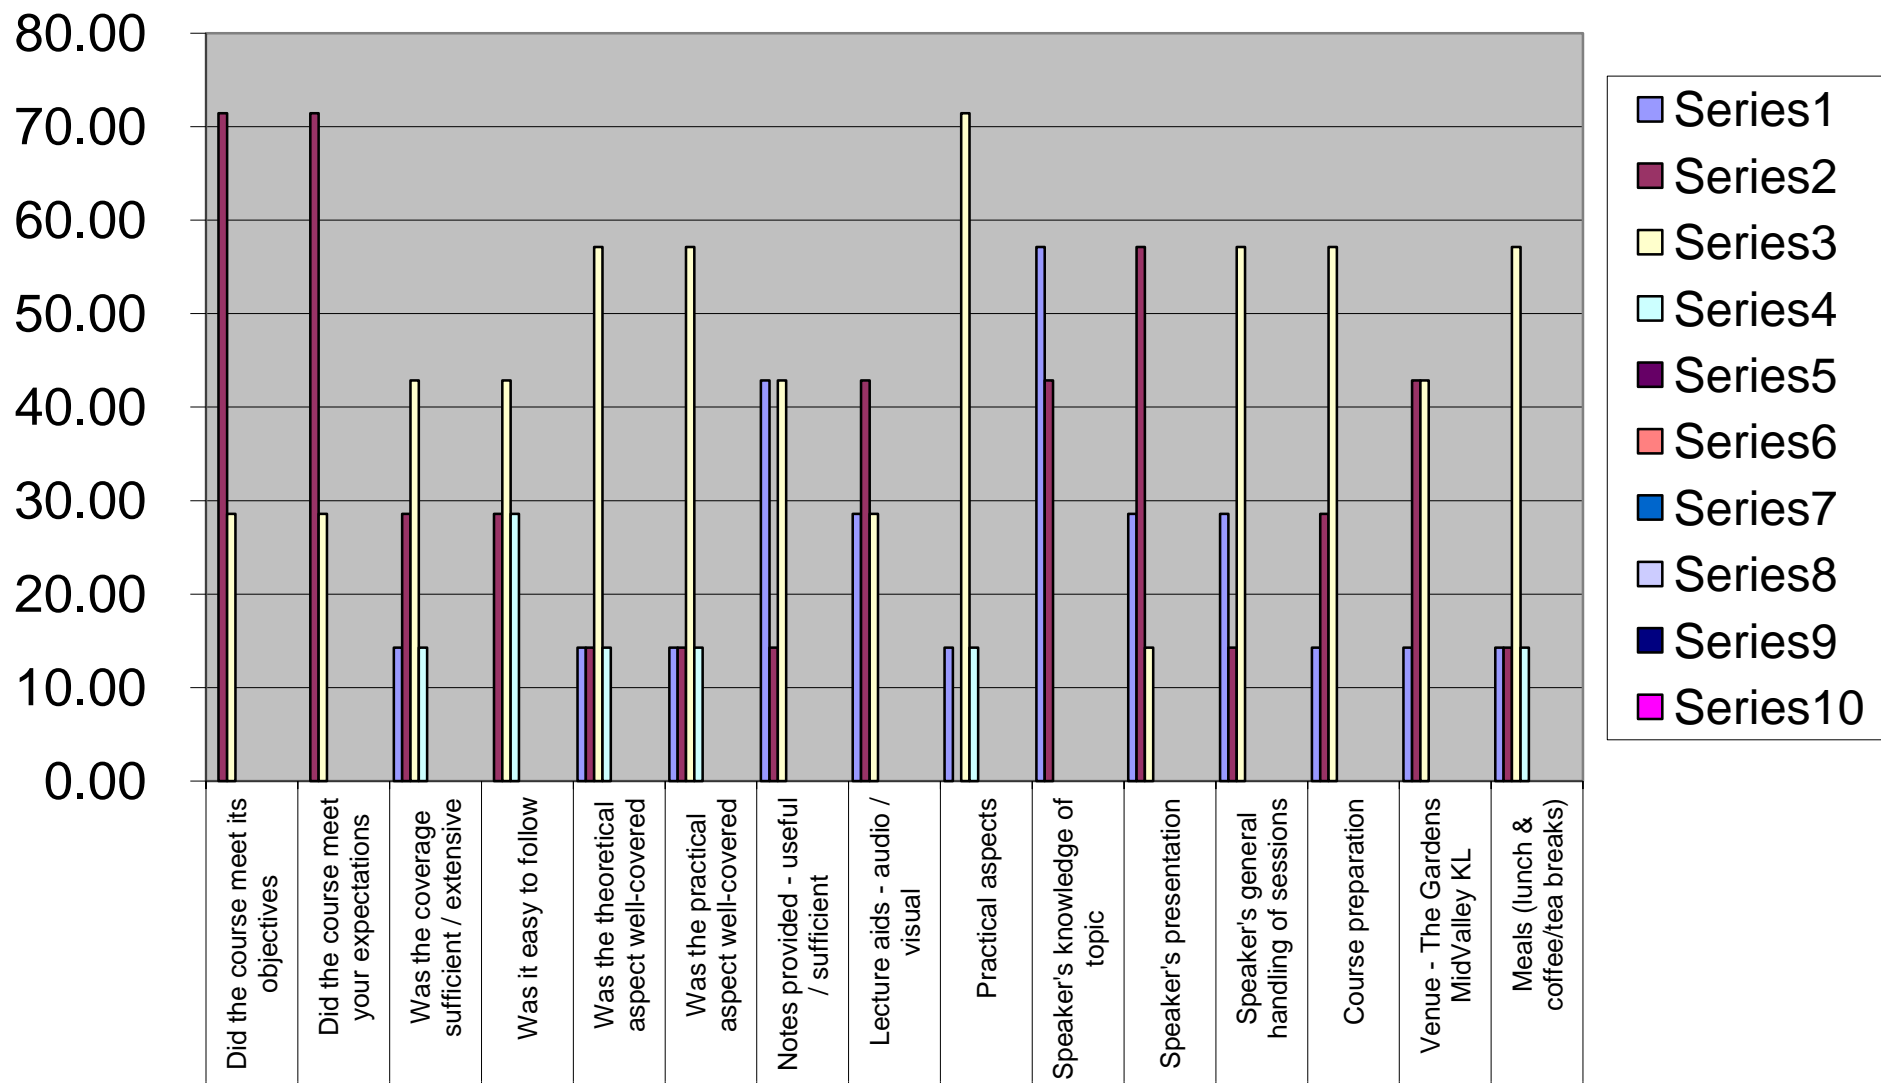

Amazing workshop

Good and practical. Hope to be able to apply in job

REMARKS FROM CONTENTS RECALL

The first day was like being in a whirlpool but the 2nd day made sense of it. Understood that there were a lot too crammed down in just 2-day course.

Althea is full of experience and makes the training session useful. It's just that cramping 4-day training into 2-day limit the amount of knowledge to absorb.

I now have a good understanding of BEI and know how to apply it.

Good

My group consist of 5 participants from the same company which I feel that they should be separated so the mock play can be more effective.

BEI course is good & useful, just it is a bit rush to absorb the information.

Interesting. Learn a lot of Behavioural interviews. Know a lot of interview skills.

I have learned the skill on conducting interview and hope that will be useful in my future career. Althea is a good consultant. She is very knowledgeable in many aspect. Her workshop is very well organised.

Intensive but useful

First day was "rushed" as we diverted quite a bit in the morning & had to rush them the entire day. Lots to absorb.

Informative with good experience speaker

Well prepared but I wish there were more examples (more time allocated - I DON'T MIND LONGER TRAINING HOURS!)

This course is beneficial to HR personel especially those in recruitment unit & can be shared to other unit in HR.

I have gained a lot of knowledge through BEI. The past experience shared by Althea are interesting.

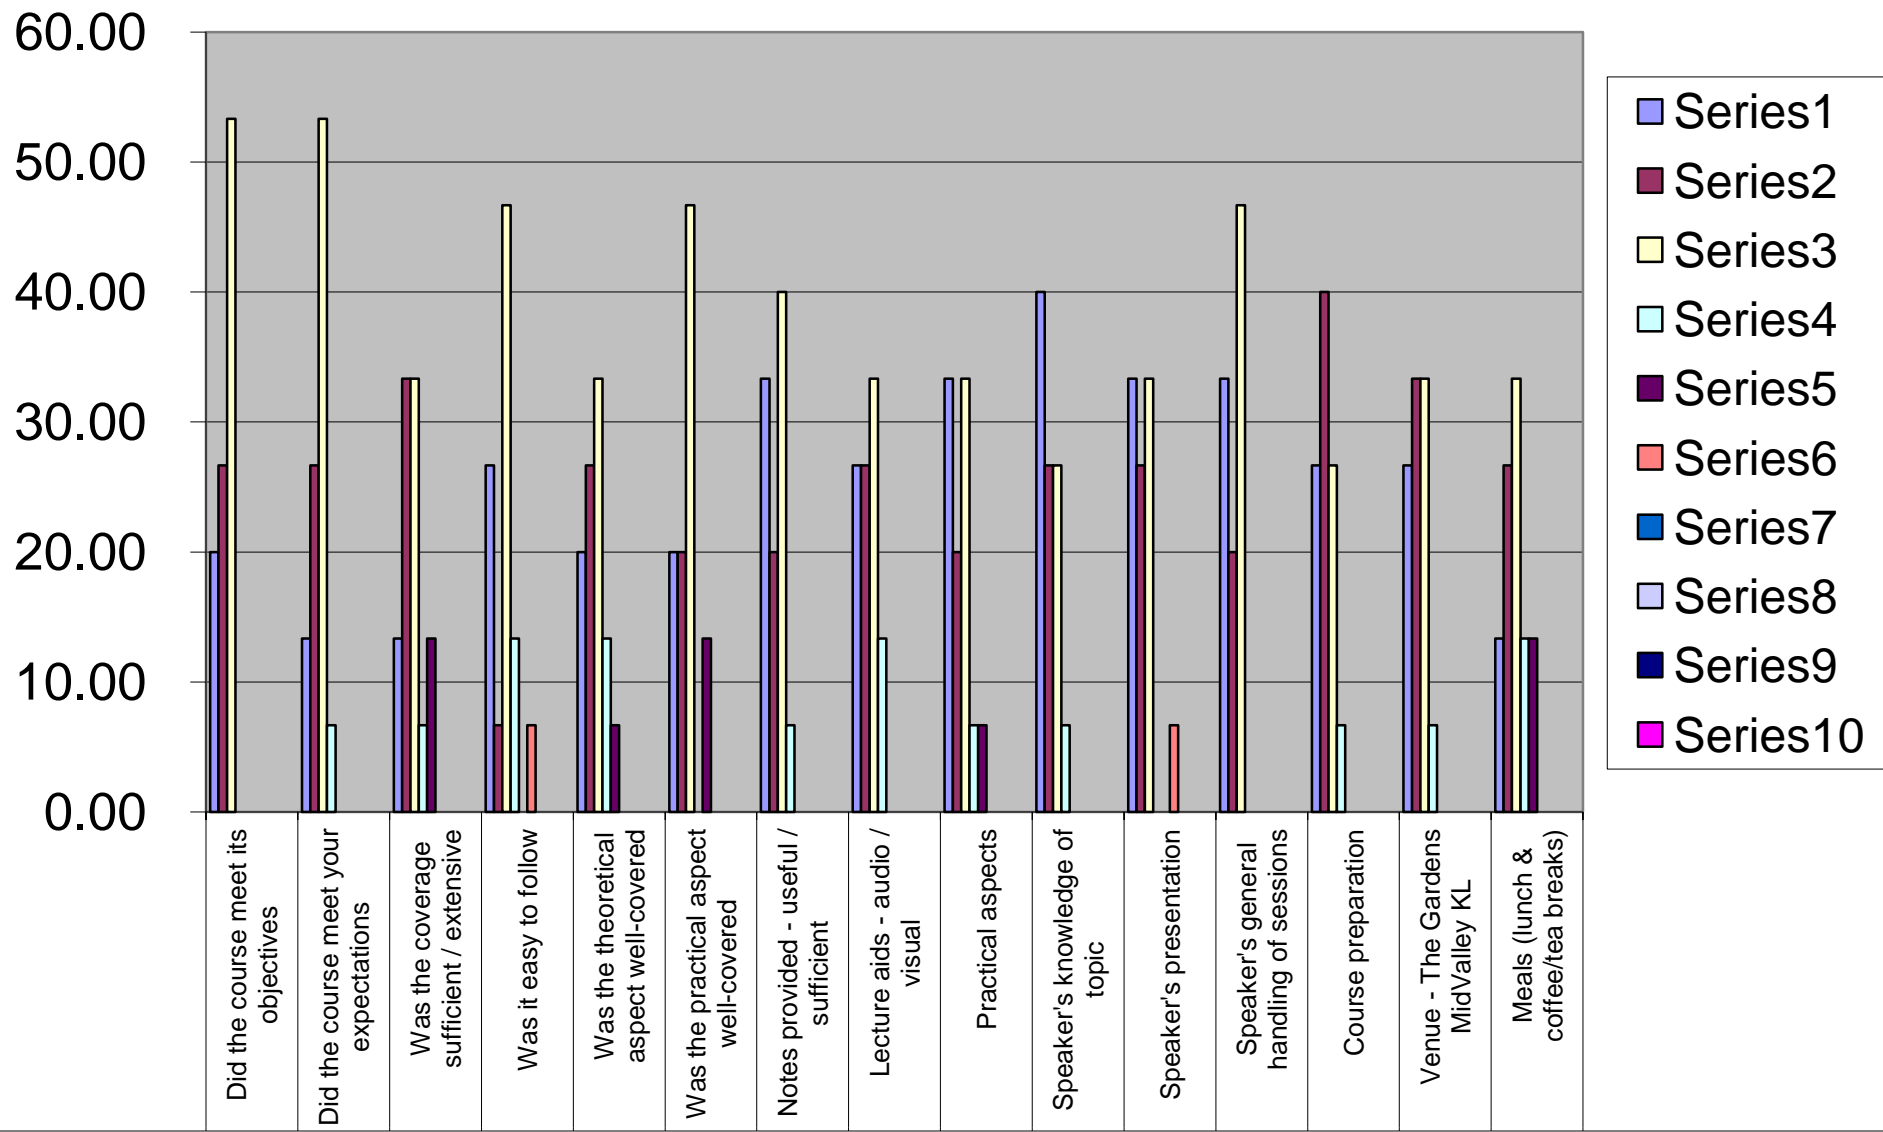

Could include more interactive activities. As many of us are still new in recruitment, would appreciate if you cater for junior recruiters. Would also appreciate if you provide research evidence and support points with research & statistics.

Very useful to know the types of question should be asked during the interview. It's related to the recruitment personnel that required to be in interview session as well.

REMARKS FROM CONTENTS RECALL

A FRUITFUL SESSION THAT MUST BE ATTENDED BY ALL HR PERSONNELS & HIRING MANAGERS

IT WAS A GREAT EXPERIENCE FOR US TO LEARN BEI & UNDERSTAND WHAT SHOULD THE INTERVIEWERS TO TAKE NOTE, TO ASK DURING INTERVIEWS

VERY GOOD WORKSHOP BUT COULD BE BETTER IF MORE TIME IS GIVEN

GOOD, I LEARNED A LOT IN THIS WORKSHOP

A COMPREHENSIVE TRAINING, 3 DAYS WORKSHOP WOULD BE BETTER

TREMENDOUS. VERY EFFECTIVE. LEARNED A LOT BUT WOULD BE MUCH BETTER IMPACT IF THE COURSE EXTENDED TO ANOTHER DAY OR 7 DAYS RATHER CRAMPED INTO 2 DAYS - IE MYSELF FEEL RUSHING AND THROUGHOUT RUNNING OUT OF TIME

IT'S FUN AND ENJOYABLE. I'VE LEARN A LOT IN THIS 2-DAY WORKSHOP

THE COURSE MEET ITS OBJECTIVE & MEET MY EXPECTATIONS BUT TIME CONSTRAINTS

A VERY GOOD WORKSHOP INDEED! IT'S ALSO BENEFICIAL FOR NON-HR OR RECRUITMENT MANAGER WHO'S INVOLVED IN INTERVIEW. A LOT OF TIPS WHICH "REVEALED" FROM THE TRAINER WHO IS AN EXPERT IN HR

OVERALL THE WORKSHOP WAS WELL COVERED IN TERMS OF TOPICS. THE PRACTICAL WERE SUFFICIENT

THE COURSE EXPOSED ME TO AREA THAT PREVIOUSLY I HAVE NEVER THOUGHT OF. BY EQUIPING MYSELF WITH BEI, IT WOULD PROBABLY HELP OUR ORGANISATION TO GET IN RIGHT CANDIDATES FOR THE POSITION & LOWER DOWN THE TURNOVER RATE.

REMARKS FROM CONTENTS RECALL

It is too short to do everything in just 2 days.

A lot of good real-life example. A lot of information, maybe a little too cramped for 2-day.

A lot of samples & video - easy to understand. Sharing of processes & forms.

We had two good mock interview session which in overall give us sample experience when faced in similar situation.

Good, ie practical & theory, with jokes & life examples.

I've realise the mistakes and flaws that I've made since I join my organisation. Thank you Althea for making me realise those mistakes by opening my eyes to see the right way of recruiting. I've learned a lot!!! And hope I could implement what I've learn today to my everyday routine!!!

Too short to digest all the info - plenty to learn. Steps are simplified but require a lot of practices for me to hone my skills.

It covers everything from technical to behaviour / personality. The method that I have learnt is absolutely related and will enhance my current job responsibility of interview skills.
